# Update the NVE-M300P

- ▶ Install and switch-on the navigation system (Monitor with NVE-M300P).
- Connect the USB stick to the navigation system. Please use the USB cable delivered with the NVE-M300P.
- ▶ The system will reboot automatically after a few seconds.

Naviga	tionsmenü	
	SystemReboot	<u>ок</u> ×
	Yes	No
5		

- ► The update will start after the reboot.
- ▶ Please wait untill the process bar reached 100%.

- Disconnect USB stick
- The system will reboot after one minute.

#### Initialisation of RUE-M300

- Connect the USB IR Receiver RUE-M300 to the NVE-M300P via the USB cable delivered with NVE-M300P. Standard USB extension cables can be used if length is not sufficient.
- To activate RUE-M300, press any button at the remote controller except the TMC button. After this initialisation the RUE-M300 Remote Controller is ready for use.

#### Verify update process

- ▶ To verfiy the update process please select Main Menu Settings About
- Compare version number and release date.

The file "Update.log.txt stored on the USB stick during the update process shows details about the update process (success / failure).
